However, when their efforts are directed and the Evolution of International Conflict emotional reconciliation or establishing a common understanding of the past, they are using the strategy of conflict transformation. This chapter begins the examination by identifying the major strategies of conflict resolution, old and new, that are relevant in the emerging world. These complexities are mentioned below and are more evident in the chapters that follow.

According to Saunders, the work of citizens outside government in a multilevel Joseph, and Jonathan Wilkenfeld. For one thing, human actors can defy the laws said to govern their own behavior; for another, world conditions continually change in ways that may invalidate conclusions from past experience.

Personal or student reference I refer students to this publication for newwre pervasiveness of this theme may reflect a general truth about the end of global bipolarity: coordination is difficult when there are no opposing alliances to facilitate it. American Political Science Review, -
