But there is no current evidence to indicate either that the departing teachers would actually be the weakest teachers, or

that the departing teachers would be replaced by more effective ones. These and other problems can undermine teacher morale, as well as provide disincentives for teachers to take on the neediest students. In order to promote more socially skilled and appropriate actions among our pupils, we must move beyond simply telling them to stop what they are doing wrong. Lockwood and Kata Mihaly. Provide opportunities for teachers to learn and use so many different learning styles and students at different places in their learning within a grade and within subjects, students and schools will benefit greatly from co-teaching models. They have the ability to examine critically and select activities to use with their students to promote the understanding of science.
