Our research findings (published in Family Business Review) show that younger family members need to interact and learn from their peers as well as from external stakeholders including non-family corporate professionals, industry networks, mentors, and minority shareholders. Choose your country's store to see books available for purchase.

This final stage can be the most difficult, as many entrepreneurs experience Love, Power and Money. Accordingly, readers should not act upon information in this publication without seeking professional advice. Damon Lundqvist.

A family-owned business may be defined as any business in which two or more family members own a significant portion. A special meeting called a family retreat or family council can guide the communication process and encourage involvement by providing family members with a venue to voice their opinions and plan for the future in a structured way. Seventy percent of all family businesses fail to make the transition of ownership and management from the first generation to the second generation.
