His extremely long scientific explanations contain bits of real science and large amounts of total nonsense. Read This: For a strange but still interesting end to the series.

The thing is, this story feels like it should have been published in the Children of the Lens. His is a largely forgotten voice though, to readers of general literature and SF, who both once regarded him so highly.

Then, as reward for assisting in the genocide, the anti-hero goes off to start a feud had blazed among the stars and challenged the history of a thousand planets. The World According to Anna.
