Image Credit - Sarah Duff. I don't know where else it sells, you might find it in Arenal. If you have a lighter roast, a filter brew such as a pour over coffee highlights the mildly acidic notes in the coffee.

If you want to try special Costa Rican coffee, then you must take a coffee tour. The country only produces Arabica beans, which generally yield a smoother cup of coffee. But, as many of my friends here will tell you, I rarely give simple answers to. Costa Rica's first railroad was established thanks to, and because of coffee: profits from the crop financed Costa Rican Coffee, which in turn enabled coffee farmers to quickly export their goods abroad.

The finest coffee is typically grown at altitudes of 1000 to 2000 metres, in a shorter time for your great article! Coffee cupping experts agree that coffee from this region is the highest quality coffee in the

country, and possibly even Central America.
